MTP3000 SERIES

PORTABLE RADIO

TETRA CATALOGUE | ACCESSORIES | MTP3000 SERIES

DESIGNED TO WORK IN THE TOUGHEST, MOST DEMANDING ENVIRONMENTS, DAY IN, DAY OUT.

The MTP3000 Series TETRA portable radio with colour display and full keypad delivers high performance and dependability required for enhanced workforce productivity and assured user safety.

The MTP3000 Series delivers key features for public safety users including End-to-End Encryption, Man Down Sensor and Vibrate Alert. Embedded secure Bluetooth enables connectivity with accessories and collaborative devices.

This TETRA radio is optimised for excellent audio performance and durability for use in all types of noisy and demanding situations. Features a Class 3L power output option, which increases range and in-building performance. Coupled with high receive sensitivity, the MTP3000 Series has the capability for maintaining communications in the most demanding situations.

MTP6650

PORTABLE RADIO

OVERCOMING TODAY'S CHALLENGES WHILE PREPARING FOR TOMORROW'S IS NO EASY TASK. ESPECIALLY WHEN IT COMES TO PUBLIC SAFETY.

With its enhanced coverage, built-in Bluetooth® 4.1 wireless technology, Wi-Fi readiness, expanded location services, and full car kit support, the MTP6650 TETRA portable radio will support your team now and well into the future.

Now you can reach personnel even in marginal areas with Class 3 transmit power. Plus, you have the ability to optimise your coverage based on the type of environment in which your team is working. The new open standard SMA connector gives you the flexibility to use different antennas.

ST7000

SMALL TETRA RADIO

TO MAINTAIN THE HIGHEST LEVEL OF CUSTOMER SERVICE, PROFESSIONALS NEED A DEVICE THAT ALLOWS THEM TO KEEP THEIR EYES UP AND THEIR HANDS FREE

The communication needs of customer-facing staff, executives and senior officers are driven by style, as well as function. To maintain the highest level of customer service, these professionals need an intuitive digital radio that delivers high quality audio, blends seamlessly with their image and whose purpose is increasing productivity, not providing entertainment.

The ST7000 small TETRA radio combines a compact and elegant form, simple user interface and clear audio to exceed these needs. Integrated Bluetooth® 4.1 wireless technology, a reversible USB-C connector for charging and a 3.5mm audio connector help make the ST7000 a flexible, modern communications tool that allows users to focus on what matters most - the customer or situation and not the device.

ST7000

SMALL TETRA RADIO

BATTERIES AND CHARGERS

ST7500

COMPACT TETRA RADIO

BEING ON THE FRONTLINE DEMANDS A SPECIAL KIND OF COMMUNICATION DEVICE. ONE WITH FUNCTIONALITY REQUIRED TO GET THE JOB DONE IN ANY ENVIRONMENT.

Whether responding to crowd trouble at a demonstration or dealing with a traffic accident on a busy road, public safety officers need a device that is fully capable while being easy to use in the moments that matter. Police officers, emergency medical personnel and security staff have to communicate effortlessly so they can stay focused on the mission from the first call to the final resolution.

Working closely with our customers and listening to their challenges, we've developed a TETRA radio that offers public safety officers a smaller, lighter option to our proven TETRA radio range. The ST7500 is compact, capable and collaborative, a device that's ready for the frontline and the future. It's our smallest and lightest TETRA radio designed specifically for tough and rugged use. At under 200 grams, it's easy to carry and easy to wear in a variety of belt or body-worn configurations.

ST7500

MTP8000Ex SERIES

TETRA ATEX RADIOS

MTP8000Ex SERIES, POWER AND PERFORMANCE DESIGNED FOR EXTREME ENVIRONMENTS

Meeting the latest V6 ATEX and IECEx standard, this next generation of TETRA radios represents a significant step forward in mission critical communications designed for end-users who work in areas with potentially explosive gases or chemical vapours, flammable liquids or combustible dust.

The MTP8000Ex Series TETRA ATEX radios deliver powerful audio, enhanced coverage, extended battery life, greater ruggedness, advanced ergonomics and increased usability, so personnel working in the most extreme environments have the ability to work safer, work smarter and work anywhere.

TETRA PAGER TPG2200

THE ADVISOR™ TPG2200 TETRA TWO-WAY PAGER ENSURES YOU CAN REACH FIREFIGHTERS, EMERGENCY PERSONNEL AND HEALTHCARE WORKERS WHEN THEY'RE NEEDED MOST.

In those critical moments, every second counts. That's why we made the TPG2200 simple to use, even with one hand. Quickly read and respond to messages with a bright, 2" colour display and familiar user interface. Carry the pager anywhere without it getting in the way thanks to a lightweight, compact design. And, since the TPG2200 is IP54 rated for dust and water protection, you know it will keep working even when exposed to the elements.

As one of the world's leading suppliers of TETRA radios, Motorola Solutions is a partner you can rely on. Because people are relying on you.

TETRA PAGER TPG2200

HOME STATION

HOME STATION CHARGER
Includes PMAE4108A 380-430 MHz Whip Antenna. Keep the battery fully charged and get enhanced coverage using the home station. The TPG2200 TETRA two-way pager is ready when you are.

BLUETOOTH ACCESSORIES

UNLEASH THE POWER OF YOUR RADIO WITH WIRELESS BLUETOOTH ACCESSORIES.

Wherever your people work, they rely on clear, continuous communication. We offer a comprehensive portfolio of wireless Bluetooth® accessories, designed to either support the police officer on the beat, or the maintenance worker making repairs at a 5-star hotel, or the utility work out in the field.

Operation Critical Wireless accessories are flexible, cost-effective Bluetooth® solutions that give workers more mobility in their work day. Employees can move without wires, converse discreetly and even take their radio off their belt whenever the job requires it.

OPERATION CRITICAL WIRELESS ACCESSORIES - COMPATIBLE WITH MTP3550/MTP6650/ST7000/ST7500

PETER JONES (ILG) LTD KLICK FAST ACCESSORIES

The Klick Fast System allows you to wear your radio securely in a variety of ways. The slim, durable Klick Fast Connector is compatible with all Klick Fast Docks. Simply slide the connector into any Klick Fast Dock and it locks securely into place. Once

docked, your radio can be rotated to any of seven positions while remaining secure. Undocking your radio takes seconds - simply rotate the radio to the inverted position and it slides free.
